

You dream, we built.

At DTIPL, our creative process is the key to creating spaces that are both cutting edge and timeless. With competence and vision, we partner you to deliver personalised space that fits your needs, tastes and passions. We aim at making every interior an experience in itself, aimed at translating our vision in to your better life.

The people behind DTIPL

Dipesh Kakadiya (Director - Procurement)

He has had the experience of working in interior fit-out management for reputed companies. His exposure of executing the project is valuable with indispensable contribution to any project.

Rohan Redkar (Director - Projects)

Having worked with various corporate, leading architects and project various types of buildings at a number of sites across India, Mr. Redkar's exposure to the construction scenario in Mumbai, serves as a valuable contribution to any project.

Manish Damania (Director - Projects)

An enviable ten years experience spans concept design, budgets, detail engineering, execution, co-ordination and project management for industrial, retail, commercial, engineering and pharmaceutical projects.

Amit Chavan (DGM - Project)

Co-ordinate with Architectural agency, structural consultants, and other appointed consultant to complete the scheduled work in time and quality. To handle the client / customers, as may be required and explain about the company and highlights of the project, amenities and specifications. He has executing the project all India.

Services

We treat every project with integrity and dedication, delivering high quality results that consistently nail the briefs. As interior designers and contractors we are able to provide office space planning and design and undertake all aspects of commercial retail & Hospitality interior fit outs.

Extensive design and precision and expertise in execution are at the heart of DTIPL's offering. At DTIPL, every person associated with a project is given a clear brief, which helps them have a single minded and uncluttered approach, to deliver in time with the planned schedule, It's a pattern of our working that has seen us through complex projects with a watertight timescale and budget.

Our services and team are completely in-house, which makes our the design and execution of projects a positive rewarding experience for our clients. Our services include :

- **Civil & Plumbing**
- **Carpentry**
- **POP/Gypsum**
- **Painting & Polishing**
- **Electrical**
- **Data & Networking**
- **HVAC**
- **Kitchen & Miscellaneous Equipments**
- **Project Managements**

Quality and delivery of service, is paramount to us and we continue to develop and monitor quality standards throughout the company. We ensure that our construction and designing expertise offer the best possible solutions for our clients without compromise and take a great pride in the integrity of our organisation, our personal and a growing list of satisfied clients.
